

# ATUL KUMAR

## Quality Assurance Engineer

📞 8971842273   [in LinkedIn](#)   [GIT](#)   📍 Bengaluru, Karnataka, India   ✉ atulprajapathi@gmail.com

### SUMMARY

Detail-oriented **QA Engineer** with **2 years of experience** in **manual and automated testing**, specializing in **SaaS**-based platforms. Skilled in designing **test strategies**, executing **cross-browser and API tests** using tools like **Selenium (Java)**, **Postman**, and **Docker**. Strong experience in **test planning**, **regression automation**, and ensuring backend and frontend system reliability.

### SKILLS

<b>Programming &amp; Scripting Languages</b>	<b>Automation Tools &amp; Frameworks</b>
Python   Java	Hybrid Framework   Selenium   Apache Maven   TestNG
<b>Backend, API &amp; Load Testing Tools</b>	<b>Manual &amp; Project Management Skills</b>
Postman   Newman (Load Testing)   SQL   Docker	Agile Methodology   Jira   Test Cases   Web Testing   GitHub

### PROFESSIONAL EXPERIENCE

<b>Quality Assurance Engineer</b> Doqfy Internet Pvt Ltd	JUNE 2023 – Present
<ul style="list-style-type: none"><li>Designed and executed end-to-end test plans and test cases, covering both frontend and backend features; automated regression scenarios using <b>Java</b>, <b>Selenium</b>, and a <b>Hybrid Framework</b>, generating execution logs and detailed test reports.</li><li>Performed cross-browser and cross-platform testing using <b>Selenium Grid</b> and <b>Docker containers</b>, ensuring compatibility and stability across environments.</li><li>Conducted <b>API testing</b> using <b>Postman</b> by validating collections for functionality, followed by <b>load testing</b> with <b>Newman CLI</b> to assess performance; collaborated in an <b>Agile environment</b>, participated in sprint cycles, and used <b>Jira</b> for task and defect tracking to ensure continuous delivery and high product quality.</li></ul>	
<b>QA Analyst (Internship)</b> BZAAR	JAN 2023 – APRIL 2023
<ul style="list-style-type: none"><li>Conducted manual <b>functional</b>, <b>regression</b>, <b>smoke</b>, <b>sanity</b>, and <b>UI testing</b> for an e-commerce marketplace operating in the USA, ensuring seamless user experience and functionality.</li><li>Created and executed detailed test cases to validate product performance, UI consistency, and business logic.</li></ul>	

### PROJECT EXPERIENCE

<b>Contract Execution (CE) – SaaS Platform</b>
<ul style="list-style-type: none"><li>Performed functional and integration testing for <b>eStamping</b>, <b>eSigning</b>, and approval workflows, ensuring compliance and smooth execution. Generated execution logs and HTML/XML test reports for defect tracking and validation.</li><li>Conducted <b>API testing</b> using <b>Postman</b> and <b>load testing</b> via <b>Newman CLI</b>, validating request/response flows and analyzing application performance with <b>HTML reports</b>.</li></ul>
<b>Contract Life Cycle Management (CLM) - SaaS Platform</b>
<ul style="list-style-type: none"><li>Automated regression and functional tests using Selenium with Java in a <b>Hybrid Framework</b>, managed with <b>Apache Maven</b>, and executed across browsers using <b>Selenium Grid</b> and <b>Docker</b>.</li><li>Performed manual and automated testing for contract creation, template selection, collaborator flows, and UI validation, ensuring reliable lifecycle management.</li></ul>

### EDUCATION

Bachelor's Degree in Civil Engineering Don Bosco Institute of Technology	2017 – 2021
